

Julio Bermúdez

SENIOR FRONTEND ENGINEER

Remote | +12678051253 | jbermudezfc90@gmail.com | juliobermudez.netlify.app | linkedin.com/in/julio-bermudez-dev

Summary

Senior Frontend Engineer with 4+ years of remote experience building complex, data-intensive web applications in React and TypeScript. Known for measurably improving code quality — boosting test coverage from 36% to 88% and cutting data entry errors by 73% at scale. Comfortable owning frontend architecture end-to-end, from component design to CI/testing pipelines, with enough full-stack fluency to collaborate effectively across the whole team

Technical Skills

- **Languages:** TypeScript, JavaScript (ES6+), SQL.
- **Frontend:** React, Redux, Next.js, Material UI, HTML5, CSS3.
- **Backend:** Node.js, Express.js, PostgreSQL, MongoDB.
- **Testing & QA:** Jest, React Testing Library, Selenium, Nightwatch.
- **Tools:** Git, Linters (ESLint).

Experience

Pulpo WMS | Frontend Developer | Remote | Nov 2020 – May 2024

- Engineered core features for a Warehouse Management System (WMS), identifying gaps in data validation that resulted in a 73% reduction in data entry errors.
- Spearheaded the implementation of automated testing strategies using Jest and Selenium, successfully increasing code coverage from 36% to 88%.
- Advocated for and led the migration to modern JavaScript (ES6+), improving code maintainability and reducing overall development time by 17%.
- Collaborated closely with backend teams to refactor React components, directly optimizing workflows and enhancing user satisfaction.

Flowster | Full-stack Developer | Remote | Jun 2020 - Nov 2020

- Resolved a high volume of cross-stack bug tickets spanning React/Redux on the frontend and Express/Mongoose on the backend, maintaining platform stability across high-traffic modules.
- Standardized code quality by introducing ESLint configurations to the team, significantly increasing readability and developer productivity.

Education

B.S. in Clinical Laboratory Science

Universidad de Carabobo, Venezuela | 2014 - 2019
